Projects

Agri-Trek – Agricultural Data & Farmer Management Platform | *GitHub* **Feb 2024 - May 2024**

- Developed a farmer management platform to digitize land records and streamline government scheme eligibility tracking.
- Implemented CRUD operations, role-based routing, and responsive UI using PHP, MySQL, JavaScript, and Tailwind CSS.
- Improved farmer data management efficiency through centralized records, structured workflows, and automated eligibility validation.
- Tech Used: HTML, CSS, Tailwind CSS, JavaScript, PHP, MySQL, phpMyAdmin, XAMPP, Git, GitHub.

College Placement Management System | *GitHub* **June 2025 - Aug 2025**

- Developed a terminal-based placement management system to manage students, companies, and recruitment records efficiently.
- Implemented modules for student viewing, company listing, eligibility matching, placement recording, undo operations, and record deletion.
- Applied object-oriented programming and Java Collections to structure data and maintain modular, maintainable code.
- Tech Used: Java, Object-Oriented Programming (OOP), Command-Line Interface (CLI).

Training

Placement Ace: Java Bootcamp (LeetCode–Codeforces Edition)| *Certificate* **June 2025 - Aug 2025**

- Completed intensive training in Core Java and Data Structures focused on technical interview preparation.
- Solved algorithmic problems using patterns from arrays, recursion, sorting, searching, and dynamic programming.
- Practiced coding challenges on LeetCode and Codeforces to strengthen problem-solving and competitive programming skills.
- Applied data structures including stacks, queues, linked lists, hash maps, trees, and graphs using Java.
- Strengthened debugging, logical reasoning, and coding accuracy through regular problem-solving sessions and

Certificates / Certifications

Legacy Responsive Web Design V8 **Oct 2023**

FreeCodeCamp — Certificate Link

Privacy and Security in Online Social Media **Nov 2025**

NPTEL — Certificate Link

Skills

Languages C++, Java, JavaScript, C

Technologies/Frameworks: React JS, Node JS, Git, GitHub

Domain Skills: Data Structures and Algorithms, Problem Solving, Responsive Web Design

Education

Lovely Professional University ***Phagwara, Punjab***

Bachelor of Technology - Computer Science and Engineering — CGPA: 6.84 *August 2023 – Present*

Narayana Junior College ***Gudivada, Andhra Pradesh***

12th — Percentage: 93.1% *May 2021 – March 2023*

Narayana High School ***Gudivada, Andhra Pradesh***

10th — Percentage: 94% *Apil 2020 – March 2021*
